[Chores]

Baby don't go baby don't leave.
Baby just breathe.
Love me hard an baby listen to me.
Baby don't go baby don't run away.
Please baby just stay.
To be with me another day.

[Verse 1:]

Baby don't go I need you by my side.
Baby if u do I will cry.
Crying all night.
Feeling all sad.
Feeling like is the end of my day.
That's why I need you to stay.
Baby don't go that's what I said.
Maybe she didn't recognized my pain.
Stuck in my game.
Under the rain.
Felling all alone.
Now what I'm going to do?
If she already go.
But then I told that I love my baby girl.
So I told her I love you but she, ignore it!
But then I told her this isn't over.
I'm the man that makes you happy.
Where are you going?
Baby, stay with me forever.
An lets star allover.
My god I promise I'll always love her.
With all my hearts.
Treating her right tight.
Bring her back to my life.
If you don't I suer ima die.
All I'm asking is to bring her back.
Don't be late I want her tonight.

[Chores]

Baby don't go baby don't leave.
Baby just breathe.
Love me hard an baby listen to me.
Baby don't go baby don't run away.

Please baby just stay.
To be with me another day.

[Verse 2:]

Baby I'm going give you my heart.
You an me will never be apart.
You're my number 1.
I'm going to treat you like a queen.
Baby don't go an I'll be your king.
Baby don't quit.
Cause our love is so sweet.
Just felling the hit.
Just listen to me.
Give me your energy just to succeed.
You all what I need,
When is going to be?
Why is it like this?
Tell me that you love is real.
You don't really know how you make me feel.
You treat me like you never knew me.
I'm telling you baby girl my love is truly.
You're like a dream to me.
You're a girl that I have never seen.
That's why baby girl don't leave.
Don't go an lets stay together.
So stay with me baby girl forever.
Be true on this, don't be acting like whatever
Come to me or call me or write for me a letter
