[Talking]

"this song right here is dedicated to a girl
That broke my heart a lot of times
And that I was feeling that I was dying
And that even though I didn't keep you
Inside of my corazon I still cry of all
Those memories we had so I made this
Song right here to tell you how I feel
To tell you that my love was true but
You took me away of your life! so listen!"

[1 verse:]

This cholo cried, Su corazÃ³n has died,
A jaina that he had, Left him felling sad,
At night he looks up at the sky,
Tries to hide his sadness by getting high,
He puts his cuete to his head,
Thinking he was better off dead,
He puts in his clip, Takes another hit,
A tear goes down his face, As he holds his gun in
place,
He pulls that trigger, The bullet cuts through like a
knife,
He lays in a puddle of blood, He really wants out his
life,
He wrote a note and put it on his hand,
Telling her he thought he was her only man.
I saw the note, And took this quote,
This is what I wroteÃ...
"this blood is a shed,
Is from a bullet to the head,
Over and over I cried and cried,
With me all our memories have died,
Our love I tried to save, It didn't happen,
So I take it with me to the grave"
He was empty and cold, Fuck the girl fuck the world,
Why they left me alone,
He realizes that nothing was the same.
She didn't recognize his pain, She got her self away,
This is my story, Sad cholo that's who I am.
And ima be sad until the very end.

[Chorus:]

With a pain in my chest.
Any night I can't rest.
Thinking about you
Make my life more complex.
Nothing got left, only "you" I can tell,
I hope it goes good I hope it goes well.

[Verse 2:]

I don't know what to do? I'm lost in this world
I only love you. Keep you pretty girl.
I know you don't care. I thought I was your only one.
Pretty Teddy bear. I'm a sad cholo.
Cleaning out my tears. Quedandome solo.
Passing all the years. Until I find the very end day.
That's when the time, You really have to pay.
Feeling the same pain I did. What goes around comes
around
With a lot of memories and your destiny
What is going to be? Lets let it pass, fuck that
I shouldn't ever meet you, Para a si vivir en paz.
You'll realize by the time. That I was the only one.
That you needed by your side.
Pero yo se perder, Aounque yo SoÃ±e
Que tu eras mi mujer. You got your self a man
And fuck what I said, It don't mean shit now.
I'll put up my head up and you will go down.
You going to miss me, By the times that we share.
When I would run my fingers trthrough your hair.
And my kisses, I doubt it, you're going to miss them a
lot.
Your going to miss our spot. What I brought to your life.
I hope don't makes you cry. Cuz I'm already dying!

[Hook:]

"this blood is a shed,
Is from a bullet to the head,
Over and over I cried and cried,
With me all our memories have died,
Our love I tried to save, It didn't happen,
So I take it with me to the grave"

[Chorus:]

With a pain in my chest.
Any night I can't rest.
Thinking about you
Make my life more complex.
Nothing got left, only "you" I can tell,
I hope it goes good I hope it goes well.

[Verse 3:]

I wana take this time

That I'm flying tonight, maybe one day I pass maybe to
say hello.

I hope our rose that I plant will never die.

Know rest you got a guy, Know rest you got to lie.

Sad cholo got high, every day of the night.

That was the only way, he could it take her out of his
mind.

God send him a sight. Don't let him go down.

His dying through the ground. No see her no more in
the little town.

His crying blood. His mind is made up of mud.

Felling all flood, oh please god help me!

[Hook:]

"this blood is a shed,

Is from a bullet to the head,

Over and over I cried and cried,

With me all our memories have died,

Our love I tried to save, It didn't happen,

So I take it with me to the grave"

So I keep sayingÂ...

[Chorus:]

With a pain in my chest.

Any night I can't rest.

Thinking about you

Make my life more complex.

Nothing got left, only "you" I can tell,

I hope it goes good I hope it goes well.
