You say forever
and I confess a shiver
when i'm away
my heart ??? ?beating?
you say hope
i saw that's where i'm going
when i'm away
my heart is ??? ?beating?
when i'm away

If i'm out hunting
???, come on in
when i'm away
my doors are always open
but if i'm asleep
make sure my blanket covers me
??? ??
I'm away
I'm away
????
My heart beats slow ?? my heart
My heart is ?? ?eat it?
No! No! No! ??don't you eat it??

To be in the shade
the tallest trees above my head
when I'm away
I feel the earth beneath me
when I'm away
when I'm away
I'M AWAY!
