Try to listen to reason  
you and i both know this is too easy  
Why? Why do you fool me?  
Come a little closer your hands are freezing  
decide, decide; your mine, your mine  
decide, decide; your mine, your mine  
facts don't change a thing  
They come and go and lose their meaning  
I'll try to give some weight  
to these few simple clumsy words i say  
decide, decide; your mine, your mine  
decide, decide; your mine, your mine  
decide, decide, yeah; your mine, your mine, yeah  
your mine your mine your mine your mine, yeah  
your mine your mine your mine
