I know something about you
I know you're only seventeen
on the cover of a magazine
on the cover of a magazine
and you're so mean to me
??show me the score??
its been so long since my first kill
i imagine it happening just like this
everyday on my tv
????????????????????????????
can you show me what I need?
can I touch?
can I watch?
can you show me miss teen
show me some
yeah show me something
miss teen
show me some
yeah show me some
i see you ???
the way you move
???
