INTRO

Mmmmmmm x6

VERSE 1

I should have known right from the start
That you were toooooo good to be true
I should have listened to my friends
When they told me you were up to no good
All I could see (was you)
Girl I was blinded by your beauty (you)
Hard to believe it Girl you had me (folded)
Baby the damage done is critical
I can't mend it
I need you

CHORUS

Baby I'm scarred for life
How could you break my heart
Girl I thought that we could work this out.
Work this out.
I'm scarred , scarred, scarred for life X2

VERSE 2

So many times I tried to call you
But you never pick up the phone
My senses tell me that you don't want to know
me no more
I cried a fountain, yeah
Feels like I'm drowning in tears (all I can see
you)
Girl I was blinded by your beauty (you)
Hard to believe it Girl you had me (fooled)
Baby the damage done is critical
I can't mend it

I need you

CHORUS

Baby I'm scarred for life
How could you break my heart
Girl I thought that we could work this out.
Work this out.
I'm scarred, scarred, scarred for life

BRIDGE

Can't believe that my baby would leave me

Scarred scarred scarred scarred
After so many years, girl you left meeee
Scarred scarred scarred scarred
Cant believe that my baby would leave me
Scarred scarred scarred scarred
After so many years baby you left me
Scarred scarred scarred scarred
CHORUS
Baby im scarred for life scarred yeahh
How could you break my heart
Girl I thought that we could work this out.
Work this out.
Work this out
I'm scarred , scarred, scarred for life
Baby I'm scarred for life scarred yeahh

Girl I thought that we could work this out.
If you walk away
Work this out
