~uhm

Boy , i just want to be with you
and you know that it's true
my love for you

Baby girl take a ride with me
[i just wanna be with you ,][j : uah take a ride with me
uah , c'mon]
d : and you know that it's true
j : take a ride with me uah uah , you could take a ride
with me
d: my love for you

d : the first time that i saw you boy
shy guy didnt make no noise
but i saw something more in you
no front and i've seen the real you
we would talk for hours on air ?
i could see us as more then friends
we decided to take it slow
contemplating had to know you more
baby boy , wanna be with you
notihng can come between us too
cause you know you can set me free
and the past we'll just let it be
baby boy wanna be with you
nothing can come between us too
cause you know you can set me free
and the past we'll just let it be
boy, i just wanna be with you
and you know that it' is true
my love for you

j : baby girl, take a ride with me uh uh
d: i just wanna be with you ,
j : take a ride with me , c'mon, baby girl take a ride with
me
d : and you know that it's true
j :uh uh you can take a ride with me uh
d: my love for you

j : and you know that i'm loyal girl
ever since day one when i saw you girl [uhhuh]
she looking so fine and she's looking like mine
retake that , wouldn't wanna rewrite that
and wouldn't waste time
the last one stand ,
that was scarred in the back
found me a good girl , and it's hard to adapt
they make cards do that
the heart is in tack
singing on the hood
keep my style running a track
im ready for when ever
you're there by my side
as we lay on the sky
and his name is on a trial
giving the whole world, if that's what it takes
every looking my way
i wont leave every station
babe-be we complain but i don't play games ,
i'm loving you cause you so just stay the same
with the smile on your face brightens up my day
we're gon let it rain , but the smile won't change

d: boy, i just want to be with you
and you know that it's true
my love for you

j : baby girl, take a ride with me uh uh

d: i just wanna be with you ,

j : take a ride with me , c'mon,

[d : and you know that it's true]

baby girl take a ride with me uh uh

j : you can take a ride with me

d: my love for you

c'mon take a ride sitting right beside me
the night looking bright and the lights we're shining
go for a cruise
and it's so relaxing
the vibe between us
i can feel the attraction
so great and it feels like my birthday
the month of july , on the first day
i cut the cool on the first impression
is it real in my heart i question
i saw her in my mind it's testing
baby girl, i got a new confession
i love you and the things you do
and i'm speaking the truth , girl , i'm into you

d: baby boy wanna be with you

nothing can come between us too
cause you know you can set me free
and the past we'll just let it be
boy, i just wanna be with you
and you know that it's true
my love for you

d: boy, i just want to be with you
and you know that it's true
my love for you

j : baby girl, take a ride with me uh uh

d: i just wanna be with you ,

j : take a ride with me , c'mon, [d : and you know that
it's true]

baby girl take a ride with me uh uh

j : you can take a ride with me

d: my love for you
