Walk in the spot, what do we see? All of the guys,
They're watching you, they're watching me! What do
we do
It's girls night out, can't even chill. Without somebody's
Body all up in my grill
I got a way to drive them all crazy
I got the moves to make them all praise me.
Me and you gonna wild out tonight

So let's grab our crew and take the spotlight
