Get on up get it on
Get on in get around
We've got to find a way
Don't give up don't give in
Love's still around

Move on up move it on
Move on in move around
We've got to find the place
Don't give up don't give in
Love's still around

Got to get it on get it on
Let's move now
Got to get it on
Get the whole world to see

Must be movin' on movin' on
Get going
Must be movin' on
To where emotions are free

Don't hang up hang on tough
Hang on in hang around
There's got to be a way
Don't give up don't give in
Love's still around

Get on up get it in
Get on in get around
We've got to find a way
Don't give up don't give in
Love's still around

Got to get it on...
