D-Money reppin that flatnose
A problem before now it gets me hoes
Came from Philly staying in GB
and my life has been so damn easy
my dream was to be a big rap star
Live in huge mansions and drive fancy cars
now with jabb'd that dream has become reality
lovin the ladies n dabblin in bestiality
But now ima star and I got work to do
now whose next in line for me to screw.

Ima G to da Bone I like dem big booty ho's
Ima G to da Bone I rock the freshest clothes
Ima G to da Bone I like to party
Ima G to da Bone Let's get it started

Its Big Al im the romantic one
I will turn her booty into my hot dog bun
Got 20 hoes and a woman on the side
When its time for sex, I cant decide
I rock a gold wrist watch, im dressed to kill
Shoes are brand new
Just gave em to good will
Take my bitch out in my jeep wrangler
The windows fog up whenever I bang her
Small time criminal and a big time gangster
Keep that bitch on a leash or Jabb'd will train her

Ima G to da Bone I like dem big booty ho's
Ima G to da Bone I rock the freshest clothes
Ima G to da Bone I like to party
Ima G to da Bone Let's get it started

Gimme that mike so I can spit this
I get a bulls eye cause I neva miss
Ima G on the inside Honkey on the out
I will steal your girl without a doubt
She's mine, sleepin in my bed
And if u try to get her back, you'll end up dead
Money, money, money aint no factor to me
My whole life has been a shopping spree

I got boats, cars, and planes too
Livin like the playboy owner Hugh
Speakin of Playboy I get a new bitch every night
She better rock dem double D no mosquito bite

Ima G to da Bone I like dem big booty ho's
Ima G to da Bone I rock the freshest clothes
Ima G to da Bone I like to party
Ima G to da Bone Let's get it started

Im rollin' in money, it aint a figure of speech, so
If ya wanna be a gangsta sit back and let me teach
Roll with the top down, late at night on the beach
Nuttin gun keep dem bitches up off their knees
When u with me you done ordered da super size
Open my box gurl and enjoy your prize
I rep GBP all the way to TP
You probably know me, but if u don't you can hear me
Im always rappin or pop cappin
In my 150 jabb'd singles be blastin

Ima G to da Bone I like dem big booty ho's
Ima G to da Bone I rock the freshest clothes
Ima G to da Bone I like to party
Ima G to da Bone Let's get it started
Ima G to da Bone aint no stopping me now
Ima G to da Bone now I take a bow
