(Intro, 2 Pistols)

Yeahhh

Young boss of the city nigga

BMU, Deck, C-bo, J-Flame, Young Ski

(Hook)

I got the Chevy sittin right

Rims shinin bright (Bitch I'm-Bitch I'm super fly)

When I pull up to that light

I'm lookin down on 'em (Eyyy eyyy)

I'm lookin down on 'em (Wet-wet paint drippin)

Off the side

Every time I ride

I be ridin through the city, choppin like I'm Micheal

Myers

I'm lookin down on 'em (Eyyy eyyy)

I'm lookin down on 'em (Eyyy eyyy)

(verse 1, Deck)

I just lit a blunt of 'dro

Where da bottle? I don't know

I just flow to buddy suckers and my nickname UFO

I got a super-duper flow

Arms shootin for the sky

Steady chokin on that killa

I just murdered Micheal Myers

Ridin past the city lights

I maneuver through the night

Movin colors, I got green and I got purp (M.U. got white)

BMU bitch, get it right

You got nothin, but you da pain

All attention for you lames

I got money on my brain

Flashin in lanes

Sit so high bitch, they compare me to a crane

Dump so wet, got off and jumpin out the paint

Come ride with me dawg, you better buy a skuba tank

The chrome is so strong

The paint is on all shine

If it creep through them clouds, them niggas gon' be

blind

All I need is UV rays to put them hoes in a daze

Flippin different flavors, bitch can just calls me Lay's

C-bo dawg, aye!

(Hook)

With her two friends, and they participating  
Yeah that's just the life I live  
Young boss of the city baby, it is what it is  
(Hook)

Death before dishonor, that's the plan  
(Young Ski)

My cliques mob out, call us the "Blues Brothers"  
I'm sittin real high, them haters might stare

Pull up in somethin fly, oh that was light-year
