Long distance last goodbye,
We can't give it one last try,
It's all over,
We didn't even cry,
All I know is the world came between us and the love
got left behind,
No news falsh funeral half mast flag on the day that
our love died, And I'd tell you face to face if I could
look you in the eye,
So I just called to say goodbye,
Did you burn my pictures yet?
Anything to try and forget,
It's all I can do,
Just to stay on the line,
All I know is the world came between us and the love
got left behind,
No news falsh funeral half mast flag on the day that
our love died, And I'd tell you face to face if I could
look you in the eye,
So I just called to say goodbye,
We both know how hard it is for both of us to try,
And we both know how hard it is,
In richmond in july,
So what am I supposed to say?
And how's the weather anyway?
This time I called to say goodbye,
Who'd thought it would end like this?
With out even a good bye kiss,
No one can say we didn't try,
All I know is the world came between us and the love
got left behind,
No news falsh funeral half mast flag on the day that
our love died, And I'd tell you face to face if I ccould
look you in the eye,
So I just called to say goodbye
Theres nothing really left to say,
This time I called to say goodbye,
This time I called to say goodbye.
