Hello Buddy I can see how you've been  
you've had all the luck that passed me by.  
Hello Buddy won't you bring me on in  
cut me off a piece of your pie.

Hello Buddy it's a shame and a sin  
making all that money on your own.  
Hello Buddy don't you know your old friend  
standing on the doorsteps all alone.

Hello buddy  
just let me try  
to tell you why  
why ?  
Hello Buddy  
I didn't think  
you'd turn a blind eye.

Hello Buddy well my woman has gone  
left me  
gone away without a word.  
Hello Buddy don't you think it was wrong  
tell me it's the worst thing that you've heard.

Hello Buddy  
just...

Hello buddy I can see how you've been  
You've had all the luck that passed me by.  
Hello Buddy won't you bring me on in  
cut me off a piece of your pie.

Hello Buddy.  
Hello Buddy.
