[DMinor] The look, in your eyes tells me more than any word could ever do But still, still you try To my surprise you make all this feel so brand new When I touch your skin I feel it Girl, it takes me to the ceiling No one since had made me feel the way you do When I dream you're always in it Every second every minute I'll insert the perfect specimen in you [Chorus: DMinor] See cause I don't need to, ask my people You're alright with me Don't care how they see me, proud to be together, you and me [DMinor] Now I know, what you think Don't be mad cause every word I've said is true People say what they don't mean like it's impossible to want you like I do When you're near I'm so excited So damn much, I just can't hide it When we kiss, it's like the first time that we do So electric when I feel it I don't want, I can't conceal it From here on out I see a future love with you [Chorus] [Phonte] Yeah, uh huh, I'ma talk to 'em Check it out, uh Love her down, lick her up Tigga just can't get enough This groove, please don't interrupt Don't pause at the mall People looking like "Damn, how that nigga get with her?" Cause he's so nasty, she's so classy Punch-drunk love, we stay liquored up One-fifty-one proof, shining through the sunroof Let your hair down girl I gotta give it up, to you! Yessir! Haha, uh, let's go [Chorus: 2X] [Outro: DMinor] Wax Reform, soul vibe Little Brother collaboration Uh-hahh!
