I came home the other night  
Much to your surprise  
The blinds were down, the lights were dim  
Love was in your eyes

Table lit by candle light  
A record playing low  
And from the room I heard a voice  
A voice I didn't know  
Say 'I need you  
I need you'

Can you imagine how I felt?  
To know like someone else  
Making love to you in there  
Should have been myself

I couldn't speak  
I couldn't cry  
My heart was filled with pain  
And as I turned to walk away I heard his voice again

Say 'I need you  
I need you'

I felt so sad I had to take a walk outside  
To find out what went wrong and if I really tried  
To love you girl  
And be there when you needed me in spite of what  
you'd done  
I love you hopelessly

You've got such a pretty face  
That's why you appeal to him  
But he don't know you like I do  
'Cause you say everything  
You say that you love me  
Now just look at what you've done  
'Cause you've got one more in your arms  
Another on the run

'Cause I need you

I need you  
I need you  
I need you  
I need you  
I need you
