She said I'm leaving
And that's the way it is'
He said I'm coming on home honest
She said why dya always say that
You've no intention? Why you always do that?'

It's this repetitive repetitive nonsense
That brings her down
And it's my double trouble Barney rubble chit chat
That causes her frown

And I'm staying out
(What I really want is you)
(What I really want tonight with you)
And when I could it was good
At the time I thought I should
(What I really want tonight with you)

She said I'm leaving
Can't take no more of this
He said but that's the last time, I promise
She said why you always say that
You've no intention'
But she always says that

It's this repetitive repetitive nonsense
That brings her down
And it's my double trouble Barney rubble chit chat
That causes her frown

And I'm staying out
(What I really want is you)
(What I really want tonight with you)
And when I could it was good
At the time I thought I should
(What I really want tonight with you)

whooa oh whooa oh

It's my nonchalant arrogant way
She can't get her head round
It's her indifferent called difficult way

I'll still tout

And I'm staying out
(What I really want is you)
(What I really want tonight with you)
And when I could it was good
At the time I thought I should
(What I really want tonight with you)
