Cooler than an ice cream sundae
Lookin' back we sure had some fun days
Since then I've seen the trees shed their leaves and
grow again
I cruise along the super highway
Fact he said do you do it his way
Well you do your thing and I'll do mine
Like we do do most of the time

Hello... I'm gonna have my time
And hello... I'm gonna have my time

And if for some reason I should leave ya
Hope the things I did for ya pleased ya
Hope that one day you learn to spread your wings and
fly again
And for my crimes there'll be retribution
I'll leave you to draw your own conclusion
About your life that was never true
And the loved one that never loved you

Hello... I'm gonna have my time
And hello... I'm gonna have my time

Cos you don't have to say
That the feeling's gone away
Cos I know that it left you long ago
And I still smell a scent
Of the times when I meant
Just to put one or two things right with you

Hello... I'm gonna have my time
And hello... I'm gonna have my time

Always be doing something
Always be doing something cool
Always be moving something
Always be making someone move
Like an infection
I lock you right into my rhythm section
Make no correction my friend
It's yours for the taking

It's yours if you're making some...

Hello... I'm gonna have my time
And hello... I'm gonna have my time
