

The Twang "Loosely Dancing"

Visit "[Loosely Dancing](#)" on MotoLyrics.com

Say, who you looking at?
I'm minding my own business in the corner with the one
we all call Spats
Says, My other mates are up the bar
Eavesdropping on your chat
Said you'd like to get to know us and we'll all be up for
that

It's nice to know that we can go downstairs and play
It's nice to know that we can go some place to get away
Nice to know that we can go downstairs and play
It's nice to know that we can go some place to get away

Loosely dancing, performing again
Nice to see that you're doin' the same thing
Too many lads with their hands on their chin
And thinkin' how many days have they got

Loosely dancing, performing again
Nice to see that you're doin' the same thing
Too many lads with their hands on their chin
And thinkin' how many days have they got

Said Oi!
Don't you go anywhere I'm going to relieve myself and
when I get back will you still be there?
And as I contemplate the night ahead there's
something in the air
I got a feeling in my bones that I could end up
anywhere

It's nice to know that we can go downstairs and play
It's nice to know that we can go some place to get away
Nice to know that we can go downstairs and play
It's nice to know that we can go some place to get away

Loosely dancing, performing again
Nice to see that you're doin' the same thing
Too many lads with their hands on their chin
And thinkin' how many days have they got

Loosely dancing, performing again

Nice to see that you're doin' the same thing
Too many lads with their hands on their chin
And thinkin' how many days have they got

Said Oi
I said Oi
I said Oi
I said Ohhhh

Just keep...

Loosely dancing, performing again
Nice to see that you're doin' the same thing
Too many lads with their hands on their chin
And thinkin' how many days have they got

Loosely dancing, performing again
Nice to see that you're doin' the same thing
Too many lads with their hands on their chin
And thinkin' how many days have they got

Keep loosely dancing...

Just keep loosely dancing, performing again
It's nice to see that you're doin' the same thing
Cos too many lads have got hands on chin
And thinkin' how many days have they got
