You don't feel the same  
When the fears go  
You ride my time, I'll never go with you tonight  
Until the party ends, until the part when we retire  
Over the hill, over the hill we go

And I'll buy you the night, and I'll buy you the time  
And we can do anything you want  
Will you go there, my never, my never

You ride my time, I'll never go with you tonight  
Until the party ends, until the part when we retire

You tell me slow  
What have you seen?  
What did you see?  
And three girl saw her

Looking so thin  
Black and bruised skin

I'll never go with you tonight  
Until the party ends, until the part when we retire  
Over the hill, over the hill we go

You look so frail, you know  
But still you ...  
Tears fall ...  
You look so frail, you know  
But still you ...

Until the party ends, until the part when we retire  
Until the party ends, until the part when we retire
