(Alan Rhode/Ron Hellard)

Seems like only yesterday  
We put our Christmas things away  
Now here's another Christmas day with you  
When you're in love, how time does fly  
And this year that's just flown by  
Had been one happy holiday for two

Christmas to Christmas  
Wrapped in your arms  
Love's always in season  
And always so warm  
Till my days on earth are through  
I will spend Christmas to Christmas lovin' you

Yes, the givin' season's here again  
Time to love your fellow man  
Yuletide smiles are in demand, it's true  
The love we share is for all time  
We'll feel its glow right through July  
To melt the cold when winter flies anew

Christmas to Christmas  
Wrapped in your arms  
Love's always in season  
And always so warm  
Till my days on earth are through  
I will spend Christmas to Christmas lovin' you

Till my days on earth are through  
I will spend Christmas to Christmas lovin' you
