How could you know
That behind my eyes a sad girl cried
And how could you know
That I hurt so much inside
And how could you know
That I'm not the average girl I'm carrying the weight of
the world Yeah
So can you get me out of here

~Chorus~

Take me Away
We'll jump in the car
Drive till the gas runs out and I walk so far
And we can't...see...this place anymore
Take a day off
Give it a rest
So I can forget about this mess
If I lighten up a little bit
Then I will be....Over It

I'm playing the role of the happy girl but no one knows
Inside I'm alone but I wil never let it show
I dread everyday
Too much work and not enough play
Over and over its always the same Yeah
But You can make everything OK

~Chorus~

~Bridge~

And when the world is closing in
I can leave it all and just walk away
I can always start all over again
I am closer to a better day

~Chorus~

Take me Away
We'll jump in the car
Drive till the gas runs out and I walk so far
And we can't...see...this place anymore
Take a day off

Give it a rest
So I can forget about this mess
If I lighten up a little bit
Then I will be
Take me Away
Take me away

Take me Away
We'll jump in the car
Drive till the gas runs out and I walk so far
And we can't...see...this place anymore
Take a day off
Give it a rest
So I can forget about this mess
If I lighten up a little bit
Then I will be....
If I lighten up a little bit then I will be....
Over it
Over it
I am over it (over it)
