I was thinkin bout u baby gurl  
Just the other day in history class  
Thinkin of u missin me and i can't  
Think of nuttin sweet angel  
Becuse im luv sick i got hole  
In my heart and its burning like a wick,  
I try to focus on learning but then  
My mind ends up turning,  
I can't focus gurl cuz my soul  
Is yearning but any way,  
Imma go head and skip to the main part,  
Help keep me on the right path  
That leads to your heart, Done.  
(Andraea over phone)  
Oh i loved that, that was so..  
O hey daddy eddie was just....  
(phone hangs up)
