Woo, Supernatural, haha

Did you see a shooting star
Cross the sky spectacular
On the front by a mile
Radiating crazy style
The universe comes to me
I can make it look easy
Like a rare phenomenon
You can see today what i see beyond

[Chorus]

When i get this feeling
Something's about to happen
without any reason
it's supernatural
Some people call it crazy
Some things there's no explaining
Just believe what you see
It's supernatural

Got the floor got the mic
Living in this double life
Jump into another world
Magic sista super girl
Don't know how i do what i do
But i can make it all come true
Got the skills
Got the touch
Got the sense and i'm takin' off

[Chorus]

When i get this feelin
Something's about to happen
Without any reason
It's supernatural
Some people call it crazy
Some thing there's no explaining
Just believe what you see
It's supernatural

Maybe superhuman
Maybe superstrange
Like a force of nature
A hurricane
Why it doesn't matter where i got it from
Got the power on and i'm goin' goin' gone
Believe in what you see
Oh yeah
Oh oh oh

[Chorus]
When i get this feelin
Something's about to happen
Without any reason
It's supernatural
Some people call it crazy
Some things there's no explaining
Just believe what you see
It's supernatural

it's supernatural
it's supernatural
it's supernatural
it's supernatural
