Bye, bye butterfly
I get a little outta control
You mind your mama
Else she gonna swallow you whole

Infect me, protect me
She gonna resurrect me, I know
'Cause baby, I'm livin' from dime to dime
If down is up, I think I'll be doin' alright, tonight

And I roll and it feels good around
I got sold for nothin' as it seems
Infect me, protect me
She gonna resurrect me, I know, I know

Bye, bye, butterfly
I get a little outta control
'Cause when the moon done get snuffed out
On your knees, you gonna see the sun cut down

Neglect me, select me
She gonna disconnect me, I know, I know

And I roll and it feels good around
I got sold for nothin' as it seems
Neglect me, select me
She gonna disconnect me

And I roll and it feels good around
I got sold for nothin' as it seems
Infect me, protect me
She gonna resurrect me, I know, I know

I know, I know, I know, I know
I know, I know, I know, I know
