"Powder Burns"

Visit "[Powder Burns](#)" on MotoLyrics.com

I am a firestarter, no ventilation, now i'm kneeling, as
the smoke is swallowing
no need for water, darling, i'm dedicated to a feeling, i
can't help but following

a slow roulette, a sweet duet, i can't forget, i'm tryin

feel the powder burn, tonite, tonite
there'll be nowhere to turn, it's alright, alright
and i burn, and i want that feeling, again

i hear somebody calling, and now the fire's in the
ceiling
there's no way to stop it now

a silhouette of sweet regret, i can't forget, i'm tryin

feel the powder burn, tonite, tonite
there'll be nowhere to turn, it's alright, alright
and i burn, and no one can see me
and i yearn, 'cuz i want that feeling again

a cigarette, the fuse is lit, i can't forget, i'm tryin

feel the powder burn, tonite, tonite
there'll be nowhere to turn, it's alright, alright
and i burn, and no one can see me, tonite, tonite
and i yearn, 'cuz i want that feeling, tonite, tonite,
tonite
