Is that you doin' that to me
With your stare?
I feel the temperature start to rise and I
Really take it from there.
I start to press my skin to you
I'm cravin' it, I'm feeling you
-mmm- You're really heatin' up fast.
Feast your eyes on my display,
Take control, follow my way
Cover me in ecstasy!

Let me ride to heaven
Let me feel the swellin'
Oh let me concentrate!

Chorus: I can feel it
When I taste life and when I breathe
Crawling inside of me baby - Oh Oh Oh

Now's the time for you to let go
All of your inhibitions
We can do this one more time
With a little tease and conversation.
Watch the way my body moves,
Feel the rythm melting you.
Mmm this is how it should be
Crawl over you, I'll dominate
Your destiny, I'll be your fate
I'll be your fantasy!

Let me ride to heaven
Let me feel the swellin'
Oh let me concentrate!

Chorus (x2)

If I fall in love with a soul,
If I fall in love with myself,
I'll take it all at one time.

Chorus (x3)
