[Akil]

Yo, yo, if you had much class  
And style like I had  
You would be so glad  
I see why you so mad  
I'm born with it  
Like Marvin and Lauren with it

[Chali 2na]

Yo, deform with it  
The way we perform wit it  
You gon' get it  
Your rebuttals are long winded  
The song ended  
If you satisfy

[Marc 7]

It's all splendid  
Yeah, like Kevin Lockerbie  
Rockin' some beige Wallabees  
Blinded by the mockery

[Soup]

Time is never stoppin' me  
Drop the clue  
Connected with Cut and Nu  
On the...1-2

(talking)

[All]

There's only one capable  
Breaks the unbreakable  
Melodies unmakeable patterns  
Unescapeable whatever we aim at  
We line 'em up  
The party is weak from the same rap  
Time's up  
We payin' homage as well as returnin' favors  
Candy for your ears hear us now  
Or hear us later

[Chali 2na]

We fully capable  
Make no mistake if we  
BREAK a few rules  
Make a few moves  
And drop a few jewels  
On top of your views  
Unstoppable dudes  
Using third optical tools  
To Rakaa few crews  
You gotta confuse  
Melodically  
Use rap to sonically bruise cats  
Harmonies move over  
Chemically glued tracks the ripper

[Marc 7]

Formulated fax center  
Orchestrated back bender  
Sign, Post, Date and send ya  
And take you out like placenta  
When I'm in your eye end ya  
Blend with the beat like shadows and black ninjas

[Akil]

Me the epicenter  
When I'm rocking the mike  
I'm from the earthquake state  
Shakin' up your life no aftershock  
We blow the spot from the top  
We have to rock  
Ain't that much time on the clock  
Kick rocks  
Keep it movin' now pick up the pace  
We drop and hit the ground runnin'  
Winnin' the race  
With limited space and limited papes  
At any rate we take your mind  
To the realest of states  
Cuz...

Chorus:

[All]

The flow gon' shine  
We blow yo mind  
With vocal rhyme  
And music from my DJ in the back  
Gon' shine  
We'll blow your mind  
With vocal rhyme

My DJ in the back is gonna  
BREAK (scratching)

[All]

Yo, we payin' homage as well as returnin' favors  
Candy for your ears hear us now...

[Soup]

I put the Bob in the Bob Diddy  
Spit it for y'all city  
Use what Allah give me  
Flip it if y'all wit me  
Kinda black kinda bold  
Ghetto soul beautiful  
Still in it for you to hold  
Cover girl centerfold  
My spot, hot like lava rock  
I get busy from Panorama City to Lompoc  
You prefer hood medic procedure  
Poetical breather with fever  
Cuz...

Chorus

[All]

There's only one capable  
Breaks the unbreakable  
Melodies unmakeable patterns  
Unescapeable whatever we aim at  
We line 'em up  
The party is weak from the same rap  
Time's up  
We payin' homage as well as returnin' favors  
Candy for your ear hear us now  
Or hear us later
