(talking)

Scorpio...Cancer...Leo...Taurus...Sagittarius...

Hey...hey, hey

[Soup]

Now, if theres a party theres about to be

Then let me start queing up the frequency

Six members, fresh spinners, we make the fly ladies  
say...

Hey...Hey

The Shak-Zulu shot a rhyme right through you

Now your don't want static with my crew now, Do you?

C.A. all day, we make the party people say...

Hey...Hey

Check it, regardless what you heard this year

The party atmosphere is only crackin' right here

And uh, we givin' you the theme that ya want

Cha come clean if ya want, know what I mean

If ya don't because...

[All]

We just wanna get you out

To the party everybodys talkin' bout

[Soup]

And you dont have to worry bout a fee

Ya see its all vi-a-vi

Because you're rollin' with me and uh...

[All]

We just wanna get you out

To the party everybodys talkin' bout

[Marc 7]

Yo, we thought we'd come a little different

Somethin' unscripted

Push up our percentage

Rip it like we meant it

Vintage verses

Sentence wordsmith

Here with no delay  
Relax and don't decay  
Turn to the DJ  
He can make ya people say...  
Hey...Hey

[Akil]  
Yeah, yeah, party people in the place to be  
It's all live cause the party is packed  
(No straps, just raps)  
Sweat drippin' ain't nobody set trippin'  
All the ladies testifyin' to that...  
Hey...hey  
Ay yo I'm feelin' the vibe  
Take you on a natural high  
Boogie wonderland cause we gon' party tonight, yo

[All]  
Cause we just wanna party wit you...  
Hey...hey  
Open up your mind and let the vibe flow through (Uh)  
Cause you dont have to worry bout a thing  
Let the rhythm heal your brain  
While the party people sing (Hey!)

[Chali 2na]  
Yo, the more you offer, displayin' your inner visions  
Oral officers will be freein' your inhibitions  
So skip an intermission and suddenly parlay  
Cause movers are hot pumpin' in butter from parkay  
You wonderin' what that prehistoric force is  
Make you scream...  
Hey...hey  
Like a heard of hungry horses  
Yes, the music you approached me with was  
inappropriate  
Cause me and my associates are closely knit shit  
The main course on the menu for today say...  
Hey...hey  
(talking in background)  
Hey...hey

[Soup]  
Now if theres a party for the gangstas here  
The DJ's spinnin' records you don't wanna here  
To have it your way  
Participate and make him play...  
Hey...hey  
I represent it, get wit it for the hood  
The lights is turned low and the mood is all good  
Whether you parlay

Or on the dance floor say...  
Hey...hey  
Regardless what you heard this year  
The party atmosphere is only crackin' right here  
And uh, we givin' you the theme that ya want  
Cha come clean if ya want, know what I mean  
If ya don't because...

[All]  
We just wanna get you out  
To the party everybodys talkin' bout

[Soup]  
And you don't have to worry it's enough  
No guest lists and stuff because you're rollin' with us  
Now if theres a party theres about to be  
Then let me start queing up the frequency  
Six members fresh spinners, we make the fly ladies  
say...

Hey...Hey  
C'mon, The Shak-Zulu shot a rhyme right through you  
Now your don't want static with my crew now, Do you?  
C.A. all day, to make the party people say...

Hey...Hey  
(talking in background)  
Hey...hey, hey  
(talking in background)  
Hey...hey

(Sample) \*\*And all round you people are screaming,  
nation tan, nation tan, nation tan, nation tan  
shit, here it come again, here it come again,  
here it come again, here it come again,  
here it come again\*\*
