"Fast Zombies Rule"

Come on man get up
Can't you hear their moans
Come on man get off your ass and run

Fast zombies rule
And they're scarier than shit
Their putrid flesh
Smells worse than shit
These ain't no zombies from a voodoo curse
They'll track you down
You're hunted
A real hell on earth
Cities are destroyed
There's nowhere to hide
Biding your time
Will they ever die?

Fast zombies rule
And they're scarier than shit
Their putrid flesh
Smells worse than shit

Get off your ass you're too fucking slow
Stop for a second I'm screaming no
Go like hell 'til you're out of breath
You stop for a second
And they rip you to shreds
Rip you to shreds

Run, run, run, run
