Here and Now

All my troubles seem surreal, somehow

They were all illusions anyhow

Oh I believe in Here and Now

Suddenly

I enraptured and in ecstasy

Light and shadow play in harmony

Oh Here and Now is how to be

Why we cling to things that are gone, I do not know

We think something's wrong

But it's just the way it goes

Here and now

Love is easy if we let it out

So amazing, all I say is "Wow!"

Oh, I believe in Here and Now
