

The Underdog Project

"Tonight"

Visit "[Tonight](#)" on MotoLyrics.com

Hey, hey, hey, hey

Tonight is the night, girl
What can I do?
You got me going crazy for you
Tonight is the night, girl
What can I say?
Wanna get with you in every way
Tonight is the night
Tonight is the night
Tonight is the night, girl

I can give you what you want
Again, again and again
And that's my word
Let me break it down for you
So that you'll understand
Got my only mission is to be your man

So don't
(So don't)
Let go
(Let go)
Of my heart
(My heart)
'Cause I can't take no more
(No more)
It's not hard
(Not hard)
To believe, we'll never be apart
(To believe)

Tonight is the night, girl
What can I do?
You got me going crazy for you
Tonight is the night, girl
What can I say?
Wanna get with you in every way
Tonight is the night
Tonight is the night
Tonight is the night, girl
(You, yeah, heh)

Tonight

Let me take it to the top
And make you say ooo-wee
Call me, papy
Bet you didn't know that
I'm afraid that this is true
You're the only one I'll be running too

So don't
(So don't)
Let go
(Let go)
Of my heart
(My heart)
'Cause I can't take no more
(No more)
It's not hard
(Not hard)
To believe, we'll never be apart
(To believe)

Tonight is the night, girl
What can I do?
You got me going crazy for you
Tonight is the night, girl
What can I say?
Wanna get with you in every way
Tonight is the night
Tonight is the night
Tonight is the night, girl

This, this, this is the Underdog

Tonight is the night, girl
What can I do?
You got me going crazy for you
Tonight is the night, girl
What can I say?
Wanna get with you in every way

Tonight is the night, girl
What can I do?
You got me going crazy for you
Tonight is the night, girl
What can I say?
Wanna get with you in every way

This, this, this is the Underdog
