(Verse)

Everything you've known
Stems from what you've seen
The ability to stand on your own
Is the test of who you'll be
Because in the end when the sun sets
and all the stars fade
Who's heart have you kept
To be the light of your shade?

(Chorus)

So if you just want to feel loved the same
You're not the only one
And if you're tired of this endless game of
masquerades
You're not the only one

(Verse)

Peace of mind
is found in the past
For no reason or rhyme
We grew up way to fast

We imagine love to be so much more
than anyone can ever be
when all that i wanted
was for you to want to be next to me

(Chorus)

So if you just want to feel loved the same
You're not the only one
And if you're tired of this endless game of
masquerades
You're not the only one

(Bridge)

L.O.V.E. is Letting One View Everything
inspite of

(F.E.A.R) Feelings Emphasized Around Regrets
Holding on to whatever hope you can

(Chorus)

So if you just want to feel loved the same
You're not the only one
And if you're tired of this endless game of
masquerades

You're not the only one
So who's heart have you kept?
