[Verse 1]

Were like Romeo and Juliet
I had you from the moment that I let you go
Just you and me
Tonight is the chance
I'll make this right

(Chorus)

Cause I got the key
To your heart
Just let me help you
Find your way
To my heart

[Verse 2]

Babe
Tell me
What you want to do
Cause my heart is empty for you
Come and fill it up
Cause you won my heart

(Chorus)

Were like Romeo and Juliet
I had you from the moment I let you go
Please don't turn your back on what we had

I need you to see what kind of woman I can be
I need you to know that I am always there 4 you
Through the bad and the good
Through the hope and the joy

You're my Romeo and I'm your Juliet
