(Brewster-Neeson-Brewster)

It's ringing all over town, gonna tear the big house  
down

y' take my baby, y' take my home  
y' takin' my sunshine, now leave alone  
Y' diggin' a moutian and lookin' for gold  
you worship a calf like days of old  
who rings the bell?  
who rings the bell?

Somebody's having sleepless nights  
Dante's turning out the lights  
Y' diggin' a moutian and lookin' for gold  
you worship a calf like days of old  
who rings the bell?  
who rings the bell?

Living like the Versailles fool  
playing with the golden rule  
y' take my baby, y' take my home  
y' takin' my sunshine, now leave alone  
y' diggin' a moutian and lookin' for gold  
you worship a calf like days of old  
y'r rising high in the public eye  
six feet of dirt cut you to size  
y' take my baby, y' taking my home  
you take my sunshine now leave alone!  
who rings the bell?  
who rings the bell?
