ruining mylife
and now your dead and gone
you were a violent drunk
and now your dead and gone
the damage has been caused
and now your dead and gone
on that day at your funeral my life was reborn

the first time i saw you well i could sense bad luck
eleven a.m. and your drinking on my couch
and then you moved in like a terrential rain storm
you had nowhere to go but i knew where you were goin'

ruining my life
and now your dead and gone
you were a violent drunk
and now your dead and gone
the damage has been caused
and now your dead and gone
on that day at your funeral my life was reborn

you smiled when i was home abused when i was gone
you'd hit my younger brothers and then you'd taunt my
mom
and when i would confront you you'd say it was a lie
well i was at your funeral happy you had died

ruining my life
and now your dead and gone
you were a violent drunk
and now your dead and gone
the damage has been caused
and now your dead and gone
on that day at your funeral my life was reborn

dead and gone dead and gone dead and gone
dead and gone dead and gone dead and gone
dead and gone dead and gone

night in the kitchen i trashed my house
there was a fist fight and we threw you out

and you were loaded with no place to go
so you blacked out and passed out in the snow
got a phone call saying that you were dead
and all the shit you put me through raced through my
head
you died on a dirty motel floor
now you can't make me suffer anymore

do you see what i see
you were a violent drunk
do you see what i see
you were ruining my life
do you see what i see
the damage has been caused
on the day of your funeral my life was reborn
