"Give in to hate"

Visit "[Give in to hate](#)" on MotoLyrics.com

violence surround me
violence in society
violence in our eyes
violence in their cries
violence it's our fate?
violence it's too late?
violence no escape?
violence give in to hate?

is it human nature to act like animals?
we're all guilty, we're all criminals
selfish species headed for a self destruction
violent product of a moral corruption

violence for love
violence because of hate
violence revoultion
violence of the state
violence you will find
violence it grips your mind
violence it's too late?
violence give in to hate?
