(In your place)

You give your soul, feel no disgrace
Seems like they spit right in your face
Day after day, it's nothing new.
Paranoia, haha, what can you do?
It all seems so mundane

You tried your best
Got nothing left
Where do you go from here?
It seems no one cares
Yeah that's how it appears.

You tried so hard to shine,
But it just seems like every time you get a shot
You just get pushed back in your place (BACK IN YOUR PLACE)
You tried so hard to shine,
But it just seems like every time you get a shot
You just get pushed back in your place.
Go. Yeah. Go. Yeah.

In the end what do you get?
The hollow stares are so priceless
A room so eager just to exit.
Five minutes are gone.
Sacrifice, devotion killed.
Bands hypnotized by dollar bills.
Kids love what's deemed hip to the public

So when you try your best
You think you got nothing left
Don't let them push you, shove them back

You tried so hard to shine,
But it just seems like every time you get a shot
You just get pushed back in your place (BACK IN YOUR PLACE)
You tried so hard to shine,
But it just seems like every time you get a shot
You just get pushed back in your place.

Go. Yeah. Go. Yeah. Go.

Put an end to this charade,
A rated G horror parade.
Make up and skulls are such a scream.
This fad can't last another week.

When you try your best
You think you've got nothing left
Don't let them push you, shove them back

You tried so hard to shine,
But it just seems like every time you get a shot
You just get pushed back in your place (BACK IN YOUR
PLACE)
You tried so hard to shine,
But it just seems like every time you get a shot
You just get pushed back in your place.

The end results the same
And its so clear to me
From the blank stares
That you don't care at all
