i'm never gonna fight for this corrupt country  
i never have, i never will  
it's never done fucking anything for me  
never!  
i won't fight a war to power your wealth  
fuck your power and your wealth  
'cause everyday i'm at war with myself  
a never ending fucking war

war!  
sent to die are you free?  
you murder, you're brainwashed  
destroy their enemy  
destroy, shoot, kill the enemy

i don't care about your senseless war  
war!  
or the fucked up shit your fighting for  
i never had, i never will  
millions die but the war will pass  
do you really wanna die  
fighting senseless wars for the upper class  
your pain and torture is their gain

do you wanna die?
