Social damage (x4)

You cant believe what you see  
It's individuality  
This world has made me who I am  
But you can't comprehend  
So you blindly consume their lies  
Evil wears a great disguise  
Have you no conscience man?  
This is what made me who I am.

social damage  
controls your thoughts  
No minds of your own  
So you blindly march(you blindly march

Live like this till the end  
Your lives i'll never understand  
I know I come from nothing  
You're all irrelevant to me  
And I dont want your help  
I hope you burn in hell  
Live by your own rules, don't pretend  
Yah zombies blindly follow trends

(CHORUS)

Cant you see yourself  
Just like every one else  
You're trapped inside this mirror  
Nobody wants to break out  
(Break out x3)

(CHORUS)

Someone tell me whose controlling all these  
marionettes.
