

## The Unseen

### "The System's Destruction"

Visit "[The System's Destruction](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Smash the government smash the state  
You feed the system you claim to hate  
They get us all though corruption  
Cause we will pay to feed addiction  
Alcohol tobacco meat  
Countless others they know we need  
Never fall know we're weak  
Know we'll pay to power their greed

Never meet their destruction  
Because we support the system

Fuck the state, what a joke  
They make money off the butts you smoke  
Smash the government is looking bleak

They take our money every week  
Destroy their power is kind of tough  
If you can't stand up if your too fucked up  
Drink the booze they supply  
Never win now you know why

Never meet their destruction  
Because we support the system
