Nothing left at all!

Now what can you do?
It seems that nothing is left for you.
Nothing but torment, torture and despair.
It rips apart right at the seams.
And they ignore your silent screams.
The presence of pain is so overwhelming

Nothing left at all

And when it's laid to rest
And it seems like nothing is left
How could you carry on in this world?
And when it's laid to rest
And it seems like nothing is left
How could you carry on in this world?

Yeah, torn away was all that mattered.
And all of your hopes
And dreams are now shattered
Smashed and scattered
Like glass into pieces.
And now you walk alone
And glass can easily slice
Right down to bone
And all it takes is the will for destruction

Nothing left at all

And when it's laid to rest
And it seems like nothing is left
How could you carry on in this world?
And when it's laid to rest
And it seems like nothing is left
How could you carry on in this world?

They want you to think
That there is nothing left,
Don't let them make you think
That there's nothing left

They want you to think
That there is nothing left,
Don't let them make you think
There is nothing left

And when it's laid to rest
And it seems like nothing is left
How could you carry on in this world?
And when it's laid to rest
And it seems like nothing is left
How could you carry on in this world?
