"Weapons Of Mass Deception"

We are the bastard children of a nation,
Whose dreams have died
Everything we believe in it all
Turned out to be a lie and change
Seems oh so difficult, acceptance is the
Common voice. Powerless against
Their power we act like we don't have a
Choice. Go

Weapons of mass deception
Fear is the greatest weapon
Used to maintain, their control
Cause the scared do what they're told

Dangers lurking in every corner, minds
Clouded with mistrust. New
Witches for them to burn smoke covers
The bloodlust. False fears
installed in masses, so real issues go
Ignored.
Like a phoenix rising from the ashes
Total powers their reward. Go

Control through fear
A reign of terror is here
Control through fear
The terrors poers made clear

The end is near
