Uh, Big Will, and Tra-Knox, yo, yo, yo, yo

[Verse One: Will Smith]

JUMP, Move when I tell you make ya way up to the  
FRONT  
Addicted to the way I kick it, I know what you WANT  
The don jiggy, catering to what you FEELING  
Pack it from the floor up to the ceiling  
SHAKE, whatcha momma gave ya baby don't let  
nothin', BREAK  
Ya watch, cause we both can't have much time it's  
gonna TAKE  
Dance floor packed, it's looking like a LAKE  
OF SEDUCTION, here's your instructions, SLIDE  
Get up off that wall girl, stop tryna HIDE  
Tracking aphrodisiac, don't be DENIED  
Chill wit that cigarette, take it out SIDE  
Messing wit my vibe, I DON'T LIKE THAT, BOUNCE  
I'ma pressure playa Im'a hit it when it COUNTS  
Party like a lamb and the whip about to BOUNCE  
The don jiggy, catering to what you FEELING  
Pack it from the floor up to the ceiling, come on

[Chorus: Tra-Knox]

Bring it on or nothin'  
Ain't no time for frontin'  
Come on, just let it flow  
Jump off, act like you know  
Get on the floor it's jumpin'  
Ooh these girls are somethin'  
Come on, just let it flow  
Jump off, act like you know

[Verse Two: Will Smith]

I, I, I, I called Jazzy Jeff on the PHONE  
I said I'm downstairs waitin' joker COME ON  
I told him it's this hot spot that we GOTTA BURN  
He said man after last weekend haven't YOU LEARNED  
Look here dunny last weekend was a MISTAKE  
That mami tryna dish it out, when she COULDN'T TAKE  
Come at me dancin' wild like as soon as a GAME

One little move on her, and she burst into FLAMES  
(Whoosh)  
The whole club runnin', tryna ruin my NIGHT  
I told roll around a little, she be ALRIGHT  
Now everybody mad at me, all up in my FACE  
Somebody shoulda told that girl to stay in her PLACE  
Ya feel a little heat baby girl I'm BEHIND YA  
And hopefully ya burnt Gucci dress will REMIND YA  
How serious I am, maybe it's CRAZY Y'ALL  
But if you wanna play honey, GO GET A BABY DOLL,  
holla at me

[Chorus]

[Verse Three: Will Smith]

HUH, check to make sure I'm lookin' cute for her  
HUH, check to make sure I'm packin' loot for her  
HUH, cause I'm bout to shut down the bar for her  
HUH, and later open up my car door for her  
HUH, seven begin, my lead, the set and THEN  
No more actin', BACK TO RAPPIN' AGAIN  
Red carpet, hectic, gettin' ME IN  
What happened last week, SURE CAN HAPPEN AGAIN  
Mos Def, ON bump, WHEN YA, hear the BOUNCE, front  
Looking like the Jet Magazine Beauty of the MONTH  
Shades on now ya layin' low on the CUT  
Told myself you the one to shake it up, with  
BOUNCE, over to ya table came completely  
UNANNOUNCED  
Observed the curves, body fat about an OUNCE  
Though almost bumpin' out of dangerous AMOUNTS  
Grab ya arm, turn around girl, JUMP  
Move when I tell make ya way up to the FRONT  
Addicted to the way I kick it, I know what you WANT  
The don jiggy, catering to what you FEELING  
Pack it from the floor up to the ceiling, come on

[Chorus] - repeat 2X

Come on  
Jump off  
Get on the floor it's jumpin'  
Come on, just let it flow  
Jump off, act like you know

[Will Smith]

Big Will, Tra-Knox  
Foundation laid, to the vibe y'all  
We out, what
