MY PRAYER

When the twilight is gone and no song bird is singing,

when the twilight is gone you come into my heart

and here in my heart you will stay while I pray.

My prayer is to linger with you

at the end of the day in a dream that's divine.

My prayer is a rapture in blue

with the world far away and your lips close to mine.

Tonight while our hearts are aglow,

oh, tell me the words that I mlonging to know.

My prayer and the answer you give

may they still be the same for as long as we live

that you'll always be there at the end of my prayer.
