Buzzbomb buzzbomb

Macho-mobile

The road's my slave

That's how I feel

I cruise alone

I cruise real far

I don't love you

I love my car

'Cross Nevada

At 110

Highway 50

And there's nobody there

Sign says, "Next sign 30 miles"

I work all week, each penny saved

Buys more escape from my home

I'd rather cruise around all day

Than save up for a move

Plow through rest area san-o-lets

Splat! goes the lonely salesman

Wanking in the men's room

Buzzbomb buzzbomb

Tape up loud
Blue piss clinging to my windshield
Faster faster in my car
Buzzbomb is my pride and joy
King of the trailer court
Waiting for the perfect chick
Who'll love me for my car
I tell her why I'm cool
She coos back just what I like
When I pretend she's near
Zip through Ely
Where Pat Nixon was born
The cops 'round here sure looking bored
Flashing sirens - State Patrol
They're scratching up my gorgeous paint job
Shooting at my tires
Ain't no way to go to heaven
Buzzbomb cornered at the 7-11
