We got a drug

We're gonna try it out on you

Won't make you die

It'll getcha just a little bit sick

(chorus)

Got a head cold

Got a chest cold

And it's three days old

(Goin' on forever)

Make you hazy

Make you lazy

Drive you crazy

For days and days and days and days

And years

Barely got the time now

To stay on the job

Double up the dosage in your water supply

Make you even sicker 'til you're slippin' away

Getting all depressed

It's getting all your friends

You can't get up

For nothing that'll rock the boat

The Government Flu

The Government Flu

The Government Flu

Slip it abroad

Keep a-slowin' down the USSR

But meanwhile

We'll keep an eye

On what it's doin' to you

(chorus)

Got a head cold

Got a chest cold

And it's three days old

(Goin' on forever)

Make you hazy

Make you lazy

Drive you crazy

For days and days and days and days and days

And days and days and days and days and days

And days and days and days and days and days

And years

The Government Flu

The Government Flu

The Government Flu

Flew

Through

You
