I am your plumber
No I never went away
I still bug your bedrooms
And pick up everything you say
It can be a boring job
To monitor all day your excess talk
I hear when you're drinking
And cheating on your lonely wife
I play tape recordings
Of you to my friends at night
We've got our girl in bed with you
You're on candid camera
We just un-elected you
(chorus)
I am the owl
I seek out the fowl
Wipe 'em away
Keep America free
For clean livin' folks like me
If you demonstrate
Against somebody we like

I'll slip on a wig

And see if I can start a riot

Transform you to an angry mob

All your leaders go to jail for my job

But we aren't the russians

Political trials are taboo

We've got our secret

Ways of getting rid of you

Fill you full of LSD

Turn you loose on a freeway

(chorus)

Send you spinning

Send you spinning

Send you spinning all over the freeway

Spinning on the crowded freeway

Spinning on the freeway

Spinning on the freeway

Spin...

Spin...

Spin - Lookout

The Press, they never even cared

Why a youth leader walked into a speeding car

In ten years we'll leek the truth

By then it's only so much paper

Watergate hurt

But nothing really ever changed

A teeny bit quieter

But we still play our little games

We still play our little games

We still play our little games

We still play our little games

We still play a lot of games

I am the owl

(chorus
