Who's that kid in the back of the room?

Who's that kid in the back of the room?

He's setting all his papers on fire

He's setting all his papers on fire

Where did he get that crazy smile?

Where did he get that crazy smile?

We all think he's really weird

We all think he's really weird

We never talk to him

He never looks quite right

He laughs at us

We just beat him up

What he sees escapes our sight

We never see him with the girls

We never see him with the girls

He's talking to himself again

He's talking to himself again

Why doesn't he want tons of friends?

Why doesn't he want tons of friends?

Says he's bored when we hang around

Says he's bored when we hang around

We never talk to him

He never looks quite right

He laughs at us

We just beat him up

What he sees escapes our sight

We're all planning our careers

We're all planning our careers

We're all planning our careers

He says we're growing old
