Did you read the news? I'm a bit confused,
The gun fever is back, the guns fever
Rudeness and gun is the talk of this town,
The gun fever is back, the guns fever

Everytime you read the Gleaner or Star
It's man shot dead or lookin' at war.
It's the fever, oh the guns fever
The simplest thing is blam blam blam,
What is this in our little island?
It's the fever, oh the guns fever

You can know a rude chap by the way he set his cap,
Lord,
The gun fever is back, the guns fever
The rudie talk is seen, Lord, I don't know what it mean,
The gun fever is back, the guns fever

Everytime you read the Gleaner or Star
It's man shot dead or lookin' at war.
It's the fever, oh the guns fever
The simplest thing is blam blam blam,
What is this in our little island?
It's the fever, oh the guns fever

You can know a rude chap by the way he set his cap,
Lord,
The gun fever is back, the guns fever
The rudie talk is seen, Lord, I don't know what it mean,
The gun fever is back, the guns fever

Everytime you read the Gleaner or Star,
It's man shot dead or lookin' at war.
It's the fever, oh the guns fever
The simplest thing is blam blam blam,
What is this in our little island?
It's the fever, oh, the guns fever
Oh! The guns fever
(repeat until fade)
