Across the room, I will stay
Keeping you a breath away
Close the curtain to the night
Keep the darkness from the light

See the stranger in my eyes, blinding my sight

Wash the stains, paint it all over my face
Pull me away from the pain so I can feel again
Chase away the rain, I'm trying hard to sustain
Make me feel again, a breath away

Across the room you will stay
Holding me a breath away
Light a candle watch it burn
Feel the flame begin to return
See the stranger leaving my eyes
And losing the fight

Wash the stains, paint it all over my face
Pull me away from the pain so I can feel again
Chase away the rain, I'm trying hard to sustain
Make me feel again

After the silence
[After the silence]
After the tears
[After the tears]
After the question comes
[After the question comes]
After the fears
[After the fears]
After the nightmare disappears
I will be standing here a breath away

See the stranger leaving my eyes, losing the fight
Wash away the stain, paint it all over my face
Pull me away from the pain so I can feel again
Chase away the rain, I'm trying hard to stay
To feel you again
A breath away
